

# CANDOO® Bingo

## Activity

- Separate the life experience and bonus cards from the CANDOO® card set and set aside. You should be left with the qualifications, skills and career cards.
- Each player needs to write down a different card in each box on their bingo sheet.
- Shuffle the remaining cards and place face down in a pile.
- Draw cards one by one. If someone has written down that card, they can cross it off their sheet.
- The first one to cross off all their cards shouts bingo – and they win!

## Resources

- Bingo sheet, available from [ukstem.uk/candoo](http://ukstem.uk/candoo)

# Skill Card Charades/Pictionary

## Activity

- Separate the skills from the CANDOO® card set. Take out any duplicates so you are left with one card of each skill.
- Mix them up and place the face down.
- The person going first takes a card from the top. They have to act out or try and draw the skill they have. They cannot speak or write words.
- The first person to guess correctly is the winner! They then come up and take the next card.
